CARNOISSEUR

Welcome to our 10th edition of the Carnoisseur Catalogue.
Our range of products now exceeds 2000 items and this year we bring you the latest and best available.
Our philosophy, as ever, is to marry our enthusiasm for quality car accessories with the efficiency and helpfulness of modern retailing.
We hope you find an interesting selection for you and your car.

Chairman

THE CATALOGUE PRICES

Please note that our prices include VAT @ 15%. All prices in this catalogue are correct at the time of going to press at March 1989 and our priority is to negotiate with our suppliers to keep prices constant for as long as possible, however, price adjustments may inevitably have to be made and therefore we reserve the right to alter prices without prior notice.

CARNOISSEUR SERVICES

Customer Advisory Service: Enquiries and product information can be answered by telephone on **LUTON (0582) 471700**. Also a 24 hour answering service will accept your message any hour of the day or night and your enquiry will receive our prompt attention. Export enquiries are welcome. Please write for details and quotation.

BUYING BY MAIL ORDER

Everything you need to know about buying by mail order can be found on the special Order Form section at the back of this catalogue.

BUYING BY TELEPHONE

Credit card holders can telephone their orders direct by phoning **Luton (0582) 471700** (24 hour answering service).

THE WAYS TO PAY

1. Cheques (please do not send cash through the post).
2. Postal Orders.
3. Credit Cards. We accept the following credit cards: Visa, Access, American Express and Diners Club.
4. Countdown Card holders welcome.

TRADE DESCRIPTIONS

Every care has been taken to ensure description and specifications are correct at time of going to press at March 1989. We must, however, reserve the right to alter prices and specification without notice as circumstances dictate. Although the colour printing in this catalogue is a good representation, slight variations must be expected. All products are offered subject to availability.

WAYS TO PAY

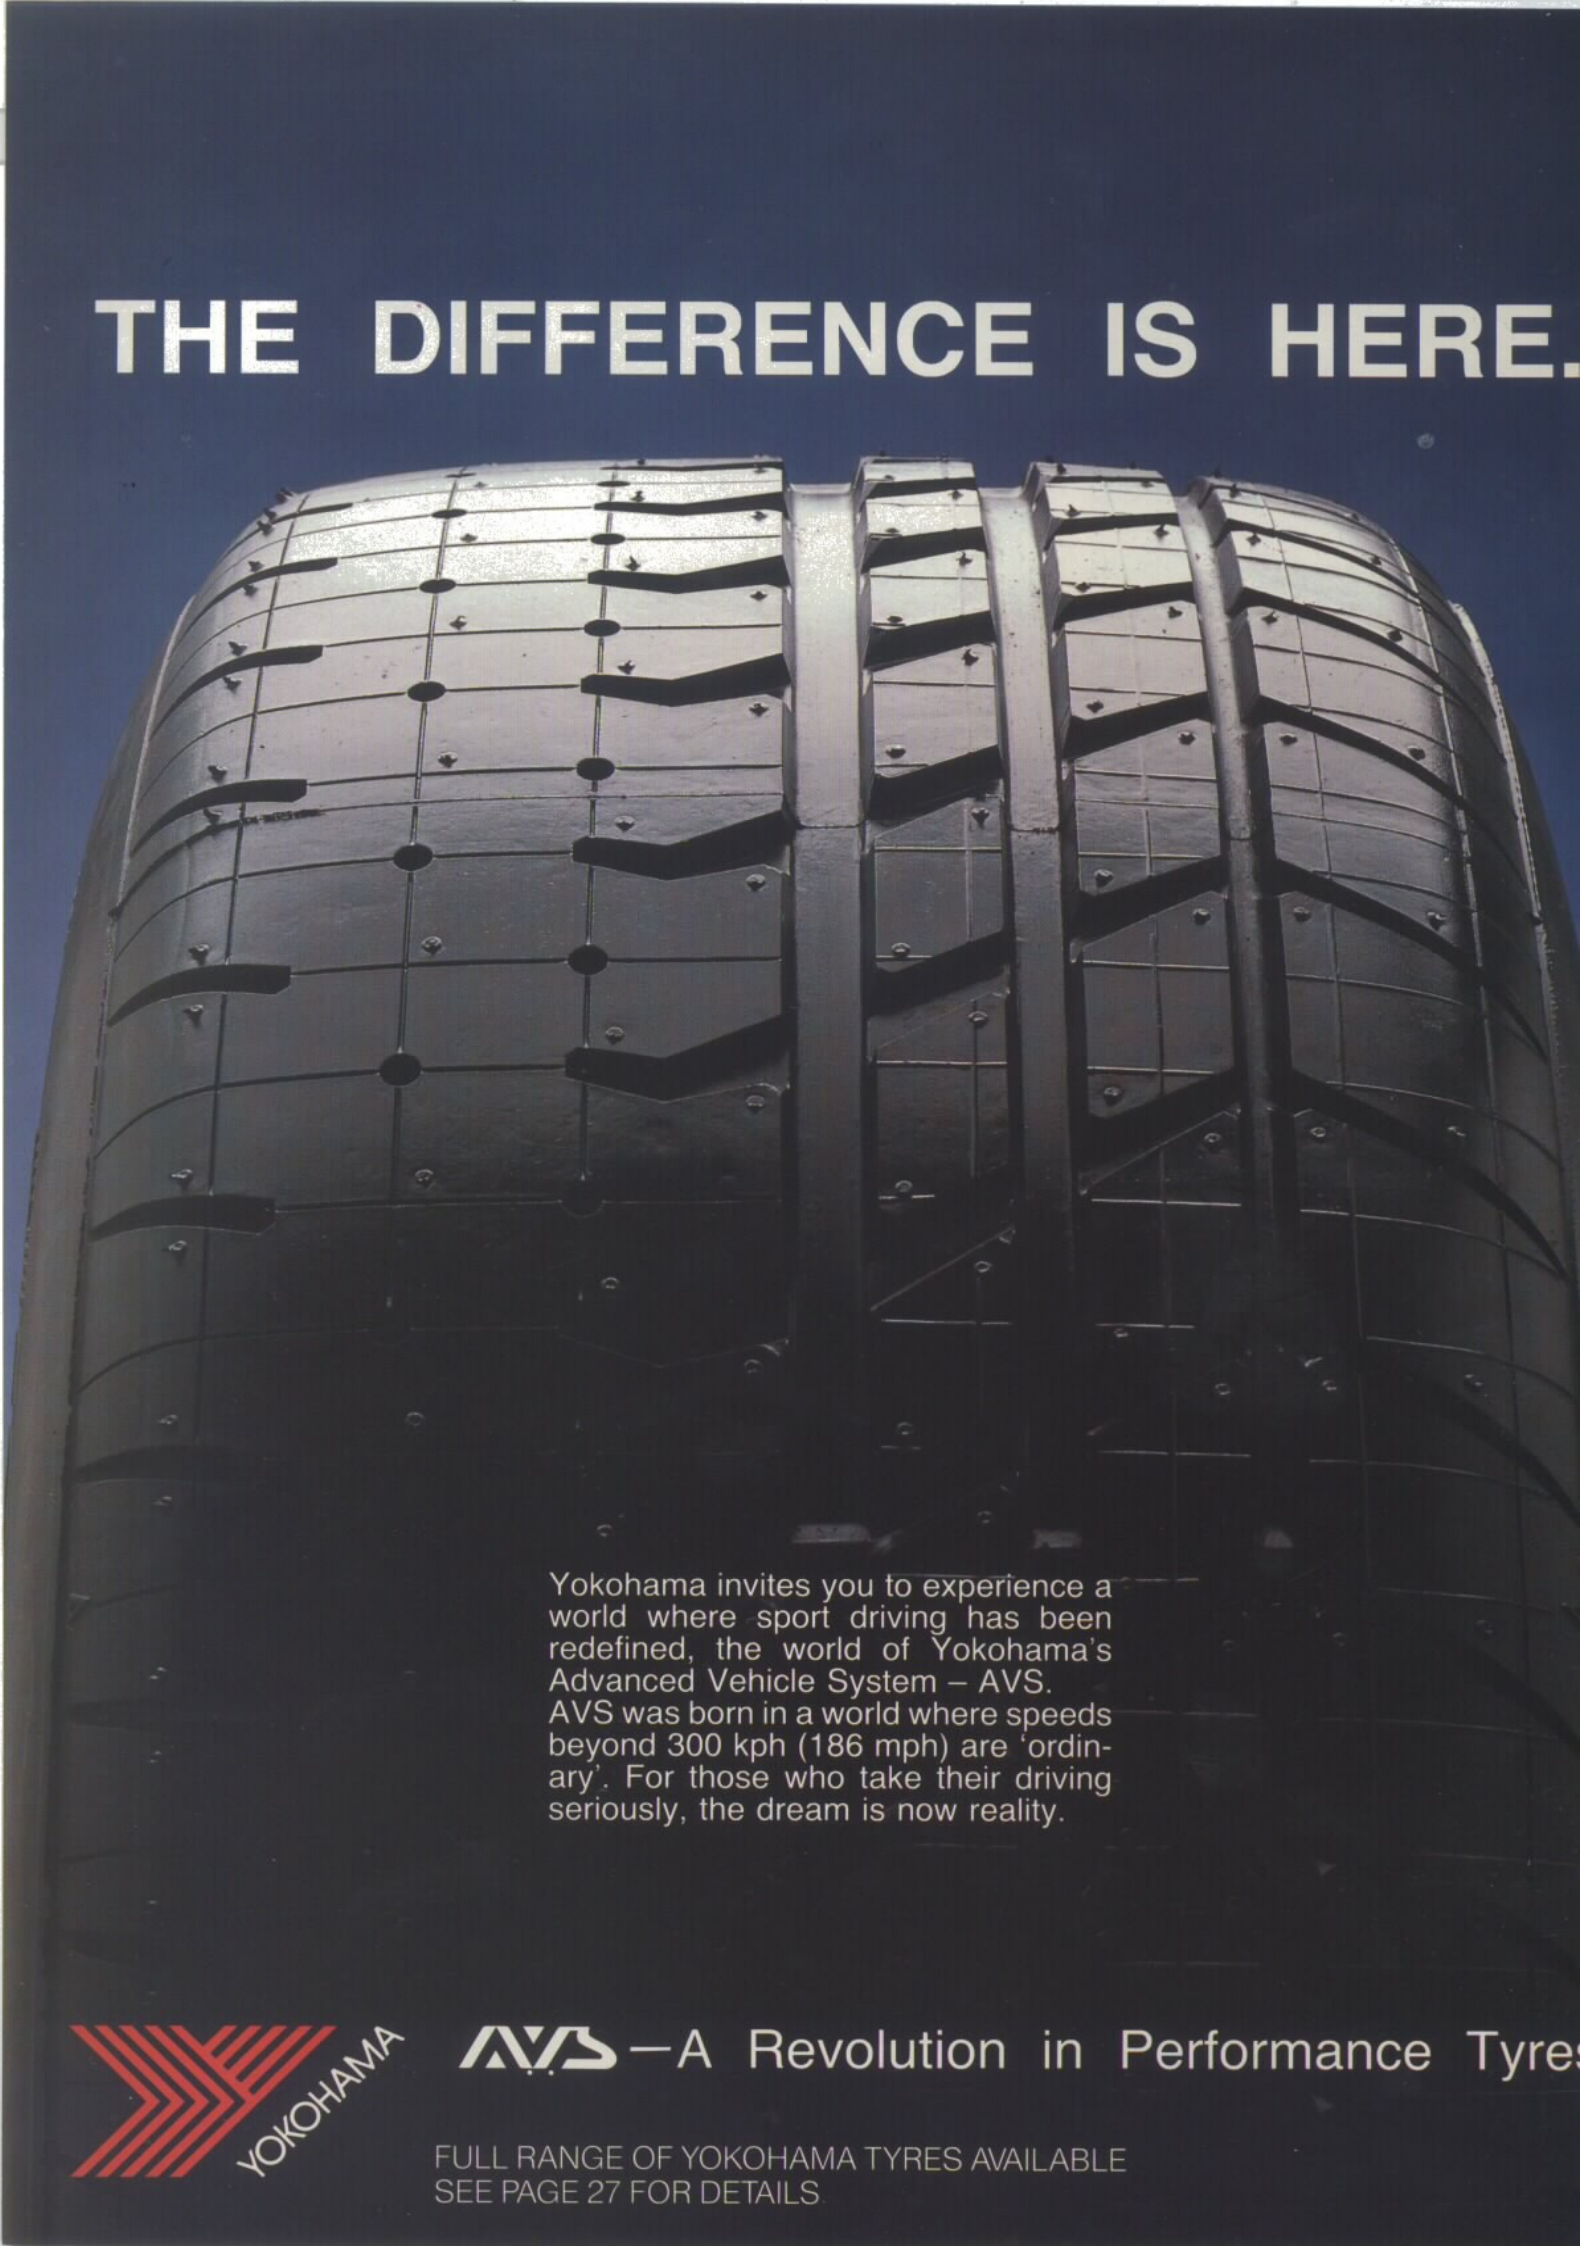
THE DIFFERENCE IS HERE.



Yokohama invites you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System – AVS. AVS was born in a world where speeds beyond 300 kph (186 mph) are 'ordinary'. For those who take their driving seriously, the dream is now reality.

KITS ALSO AVAILABLE FOR CITROEN, FIAT, HONDA, LADA, PEUGEOT, RENAULT, SEAT, SUZUKI AND TOYOTA. PLEASE ENQUIRE FOR DETAILS.

WHEEL CLEAN DISCS

The only answer to keep brake dust off your wheels. They can actually prolong the life of alloy road wheels.

- Easy to fit.
- Will not cause overheating or affect brake performance.
- Suitable for most makes of alloy and steel wheels.
- Approved to German T.U.V. standards for BMW, Ford, V.W., Mercedes etc.

Wheel Clean Discs (pair)
CF 2005 **£19.95**

Please specify car make, model, year and wheel make and size when ordering.

LOCKING WHEEL NUTS AND BOLTS TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheel and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels.
- Fitted in minutes — just replace one nut/bolt per wheel.
- Approved and used by major vehicle manufacturers.
- Lightweight design — no need to re-balance your wheels.
- Corrosion free.
- Over 250 different key combinations.
- Wide range available for virtually all cars.

Trilock Nuts (Set of 4)
CF 2001 **£16.95**

Trilock Bolts (Set of 4)
CF 2002 **£16.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

NEWSTAR WHEEL EMBLEMS

Self adhesive, set of 4, original equipment quality. Availble in Ford, Mercedes, BMW and VW. Please state type when ordering.

YO 8901 (Set of 4) **£5.95**

AUTOGLYM CLEAN WHEELS

300ml trigger spray. Easy to use. Spray surface, wait 1-2 minutes, brush or sponge to loosen dirt, rinse thoroughly with water.

AG 8901 **£2.99**

TYRE DRESSER

Waterproof and crack resistant. White.

BG 8901 **£3.95**

4 WHEEL DRIVE WHEELS

SUITABLE FOR: NISSAN, TOYOTA, MITSUBISHI ETC

1. FONDMETAL 3500
   7 × 15 **£85.00 each**

YOKOHAMA TYRES

AVS

Yokohama invites you to experience a world where sport driving has been redefined, the world of Yokohama's Advanced Vehicle System — AVS. AVS was born between the circuit and the street, in a world where speeds beyond 300 kph (186 mph) are 'ordinary'.

STYLING KITS

- These attractive and functional Styling Kits are designed for the discerning motorist who wishes his car to 'Stand out from the crowd'.
- The Styling Kits are a combination of Front Spoilers, Rear Spoilers, Wheel Arches and Side Sills, and can be purchased individually or as a complete kit.
- All parts are manufactured from high impact resistant ABS plastic with the exception of the Rear Spoilers which are in Semi-Rigid Polyurethane.
- The complete kit can be sprayed to colour-match your car, or left in contrasting black if required.
- Kits come complete with comprehensive fitting instructions, and are easily fitted.

UNIVERSAL SIDE SILLS

Universal side sills are specially designed to add that extra style on the side of your car — they are made from strong and flexible A.B.S., and can be fitted to most of the cars on the road today. They can be painted to match your existing car colour. Easily fitted — full fitting instructions are included together with 4 end caps. Two sizes 74" and 86". Trim to size.

HELLA

FOUR HEADLAMP CONVERSION SETS

SUPERB DIPPED BEAM AND MAIN-BEAM LIGHT FOR MORE SAFETY

All Optilux Grilles come with latest lighting technology for better vision on both main and dipped beams. All round dipped beam headlamps are Bi-Focus types, which give 25% more light.

HEADLAMP LEVELLING

The easy to use 3-position headlamp leveller keeps the beam in the correct position even when heavy loads are carried. This stops oncoming drivers being dazzled.

OPTILUX
FOUR HEADLAMP GRILLES

FITS PERFECTLY — EASILY AND QUICKLY MOUNTED

All Optilux four-headlamp grilles come complete with lamps, cable set and, where necessary, with relay and bulbs. Detailed illustrated fixing instructions are provided.

HEADLAMP LEVELLING

The easy-to-use 3-position headlamp leveller keeps the beam steady even when the car is heavily loaded. This stops oncoming drivers being dazzled.

SUPERB DIPPED AND MAIN-BEAM LIGHT FOR YOUR SAFETY

Optilux four-headlamp grilles come with the latest lighting technology for better vision, on both main and dipped beam.

YOU DECIDE THE COLOUR

The high-quality, black plastic grilles can be painted to match your car. Detailed painting instruction are provided.

KAMEI BODYSTYLING

Kamei Spoilers are manufactured from DUROKAM, a high impact lightweight co-polymer material, specially developed by KAMEI.

The advantages are:

- Increased impact resistance
- Dimensional stability
- Exact fitting
- Easy to paint

The impact resistance and dimensional stability have been clearly demonstrated in extensive tests.

B.B.S.

BBS AERODYNAMICS

BBS aerodynamic parts, allow owners to increase their vehicle's performance — at the same time making a statement of individuality and style.
BBS aerodynamic styling is classically born of the laws of the air flow, yet beautifully matched to each vehicle's distinctive look. Each aerodynamic design is wind tunnel-tested to optimise efficiency.
All BBS components are constructed from reaction injection moulded polyurethane which retains elasticity even under extreme temperatures. Slight impacts are effortlessly absorbed without deforming the original shape. All BBS aerodynamic parts are chemically pre-treated, tempered and primed with a neutral coloured elastic primer to guarantee optimal paint adhesion.
With BBS you're out on your own.

REAR SCREEN VISORS

Each Autoplas visor is individually designed to complement and enhance the appearance of your car. They are also extremely functional and help provide unrestricted vision under all weather conditions.

- Manufactured from high grade ABS plastic material
- Can withstand automatic car wash facilities
- Impervious to water, frost and ultra violet sun rays
- Protects rear passengers from direct sunlight
- Deflects rain, dirt and snow thus keeping the rear screen clear
- Easy to fit without drilling

AUTOMAXI UNIVERSAL ROOF BARS

The Automaxi bars are by far the closest thing to truly Universal Bars. They have a unique patented torsion system working through the whole length of the bars to ensure the strongest and safest fit for your car. Automaxi have built in the most complete carrying system there is. All universals come complete with ratchet torsion carry straps, moulded non slip pads and tie down slip rings. This means you can safely carry windsurfer boards, skis, various loads etc, with no need for string or elastic bands. Two purpose made protector pads are included. These bars have been tested by European authorities and car manufacturers to the very highest standards. The centre bar section, of almost 2 square inches has been tested to above 250 kgs load (refer to car manufacturers' figures for maximum roof loads permissible). All bars come complete with locks at either end of the bars, thus securing the bars and the load, and a spare set of keys.

FULL AUTOMAXI RANGE AVAILABLE PLEASE ENQUIRE

AUTOMAXI SPACEBOX AND AUTOBOX

SPACEBOX

Today, you want to carry an ever increasing number of objects and loads on top of your car and want to protect your valuable equipment against theft and from the potential damage caused by bad weather and extreme temperatures. To answer the growing demand for luggage and ski pods, Automaxi has created, designed and engineered a new concept of ski box loaded with unique features.

TECHNICAL DATA:

Length:	95 inches
Width:	33 inches
Height:	15 inches
Wall Thickness:	0.2 inches
Weight:	49 lbs
Capacity:	19 cubic feet

AUTOMAXI UNIQUE FEATURES:

"Bullet Proof" Strength using Rotomolded Polyethylene that is impact and extreme low temperatures resistant.

Complete Watertightness using a wide tubular gasket.

Maximum Ease of Loading thanks to the fully removable top shell.

- The box opens completely and from 3 sides, allowing easy access to the load in any situation.
- The box can be carried and installed on the roof of the car by one person alone.
- It is easy to store in a minimum amount of space, since top shell can be stacked into bottom shell.

Superior Load Capacity 19 cubic feet.

Space Age Look and Design.

Aerodynamic Shape reduces vibrations and wind noise.

For use with Automaxi Roof Bars or any other quality bar.

AM332020 OUR PRICE **£380.00**

AUTOBOX

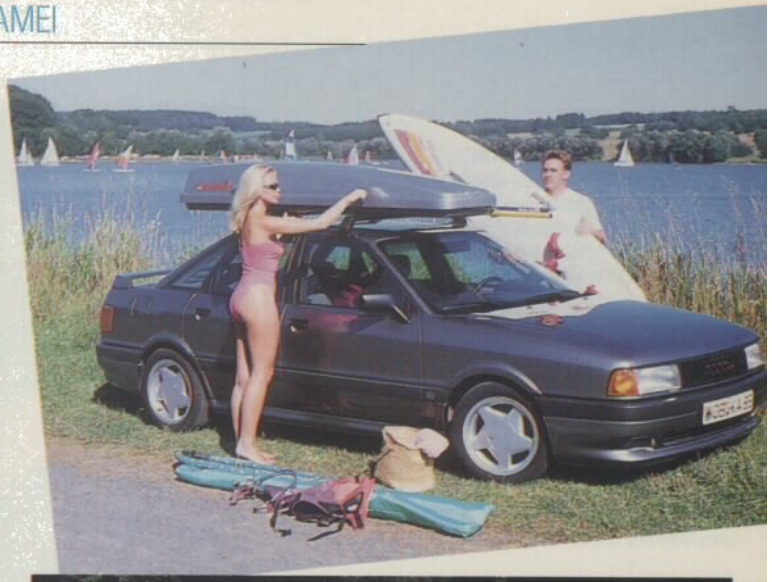
- Large volume (360 litres)
- Total security (4 clamps with locks)
- Total opening on three sides
- 2 load straps incorporated in box
- Very quick fitting of box to bars
- Very strong
- Watertight seal
- Attractive design
- Aerodynamic shape
- Excellent in cold weather (tested to −25°C)

TECHNICAL DATA:

Length:	1400 mm
Width:	960 mm
Depth:	400 mm
Thickness of Material:	5 mm
Weight of Unit:	19.5 kg
Max. Load to be Carried:	60 kg
Capacity:	360 litres

For use with Automaxi Roof Bars or any other quality bar.

AM332000 OUR PRICE **£250.00**



KAMEI
THE UNIVERSAL SPACE-MAKER

Having a 450 litre capacity, the KAMEI TRAVELLER-BOX and its smaller sister, the HOBBY-BOX having a 240 litre capacity, offer a tremendous amount of space for larger and bulky objects. Mounted on any commercial roof-rack (with a horizontal supporting beam having a width of 35mm or 1 3/8"), the KAMEI-BOX can be used for transporting weights of up to 110lbs, or 50kg. Since it can be used throughout the year in rain, wind and snow, the KAMEI TRAVELLER-BOX is an ideal addition to the limited space of a boot.

The aerodynamic style, tested in the wind tunnel, and the highly impact-proof lightweight DUROKAM® material developed by KAMEI ensure that no additional driving noises or appreciable extra fuel consumption are caused.

Two gas-pressure lifting devices, activated from the driver's side, keep the lid wide open until everything is stored away and secured from movement by the use of fastening belts. The two safety locks are fitted with protective covers to keep them free of dirt and prevent them from freezing. Adjustable insertable racks, for up to six pairs of skis, which have been especially developed for the TRAVELLER-BOX are available as accessory equipment. The champagne-white HOBBY-BOX and TRAVELLER-BOX can be painted to match the colour of your car. The sportsmanlike elegant luxury versions are already fully coated with silver metallic coating.

The KAMEI roof carry-all solves your space problem in the best, aerodynamic form.

SPOILER RACK

'THE PERFECT COMBINATION'

SPOILER-RACK is a totally new concept in luggage racks combining both practicality and style in a unique design. Its innovative features allow loads of up to 50lbs to be carried but additionally when not being used the rack acts as a stylish aerodynamic spoiler which improves the appearance of any vehicle.

The rack has been designed and developed to O.E. specifications with the necessary exacting standards of quality control at all stages of manufacture. SPOILER-RACK is available in a comprehensive range of sizes to suit most cars including the latest addition 'Maxi-Sweep' models designed to fit vehicles which feature curved boots.

The product comes complete with all the necessary fixing and instructions which ensures SPOILER-RACK can be installed in a matter of minutes. And you can be assured of its lasting good looks and quality thanks to a lifetime warranty.

WINDMASTER 'TINTS'

The new Continental type deflector manufactured in smoke grey. These deflectors have the accent on style and have a larger aperture than the original Windmaster Weather Shield.
The 'Tints' are only available in pairs and when ordering please state make, model and year of car, whether estate, saloon (2 or 4 door) or hatchback.

EC2368 (pair) **£36.80**

SUNROOF DEFLECTOR

Use your car's sunroof to the full, without wind roar and buffeting with these top quality sunroof deflectors.
Available for most major makes in either tinted material or as solid colours. The two solid colours, red and white, are ideal for today's colour coded car cosmetics.
Only suitable for factory fitted sunroofs.

Tinted/White/Red
EC3001 **£29.95**

EECO WINDMASTER WEATHER SHIELDS

The original wind deflector. Reduces annoying draughts and enabling complete window down motoring. Combats cigarette fumes, car sickness and drowsiness. Up to the minute styling with aerodynamic shape the Windmaster Weathershield is a must for all those who enjoy fresh air when motoring. When ordering please state make, model and year of car, whether estate or saloon (2 or 4 door) or hatchback. Available separately in either left or right hand or as a matched pair.

EC2369 (each) **£17.25**
EC2370 (pair) **£34.50**

LIGHTGUARDS BY SMOOTHY

LIGHTGUARDS — ADDED SECURITY AND STYLE

Smoothy Lightguards are moulded acrylic covers that not only protect your headlamps from damage — and the expense and inconvenience that follows — but actually improve the appearance of your car.

FOR THE COST-CONSCIOUS MOTORIST ...

Not only is the cost of replacing broken headlamps high but there are fitting charges and the inconvenience of being off the road too.

- Specially designed clips for lens security and easy removal for cleaning
- High-strength acrylic foam self-adhesive pads for trouble-free fixing
- Lenses contoured to suit individual models and manufactured from impact-modified high-grade acrylic supplied by Europe's leading manufacturer
- Fixing clip ultrasonically welded to lens

Two Tone Grey		
CB4043	R.R.P. *£145.41*	OUR PRICE **£115.00**

GTA CLUBMAN

Lightweight competition style seat with race harness provision. Its lower fitting point makes it the ideal seat for the small saloon.

Black		
CB20221	R.R.P. *£104.36*	OUR PRICE **£75.00**

MONZA

This competition seat is constructed of superlight 'Kevlar' fibre. Kevlar is incorporated in production methods where high performance mouldings are required especially where lightness and strength are important. It will give the driver absolute support throughout the rigours and stress of competitive motoring and has provision for full racing harness.

Monza Tricolour (shown)

SOUNDPROOF YOUR CAR WITH AN INTERIOR SILENT TRAVEL KIT

An Interior Silent Travel Kit helps safer, better driving and boosts the resale value of your car. It's the sound insulation system that gives all-round protection against nerve-racking noise from the engine, gears, roads etc. Uses the finest combination of materials.

- Front and rear floor — pads to prevent drumming
- Boot sides and floor — pads to muffle exhaust noise penetration and petrol tank drumming
- Bulkhead — I.S.T. act as noise barrier
- Bonnet lid — I.S.T. to prevent drumming and absorb noise

Complete and ready to install. All kits are ready-cut for immediate installation. Simple to fit. Complete, easy to follow instructions provided.

FILOBOX

The "Filobox" is a handy product and when fitted to your vehicle provides the occupant with a note pad and pen and a small storage draw. It is ideal for making notes (NOT WHILE DRIVING) so you don't forget e.g. telephone numbers, directions, jobs to do etc. The draw provides storage for coins and other small odds and ends.
The Filobox is tailored to fit onto the dash board of your vehicle and is simply fitted by adhesive pads provided. Replacement note pads and pens are available.
If your vehicle is not listed, please check with our staff as the Filobox application is continually being updated.

Available for:
ALFA-ROMEO 33, 75, AUDI 80/90, Coupé, BMW 3, 5 & 7 Series, CITROEN Bx, DIAHATSU Fourtrak, FIAT Uno, Tipo, Ritmo, Strada, Croma, Regata, 126, FORD Fiesta, Escort III, Escort IV, Orion, Sierra, Sapphire, Transit, HONDA Civic, Ballade, Accord, Shuttle, Prelude, Legend, LANCIA Thema, MERCEDES 126, 124, 100 Truck/Van, MAZDA 323, MITSUBISHI L300, Space Wagon, NISSAN Micra, Bluebird, OPEL Kadett E, Corsa, Ascona C, Senator, PEUGEOT 205, 309, 305, 505, 405, RENAULT 18, 21, 5, Espace, Trafic, ROVER SDI, Montego, SEAT Malaga, Marbella, Ibiza, VAUXHALL Nova, Astra II, Belmont, Cavalier, Carlton, Royale, Senator, VOLKSWAGEN Polo, Golf I & II, Jetta I & II, Passat, VOLVO 700 Series.

CC8917 OUR PRICE **£14.99**

Please state make, model and year of vehicle when ordering.

AZTEC

ELECTRICALLY AND MANUALLY OPERATED CAR BLINDS

Aztec is the first Venetian blind designed to fit your car. It adds a unique style to any vehicle and in a choice of 4 colours: Black, Silver, White and Red ... there's one that's perfect for you. Aztec puts individuality right into your rear window and gives you unprecedented control of your car's interior environment at the flick of a switch.
Use Aztec to eliminate dazzle but still give clear rear vision. Ideal at night. Headlamps glaring through your back window can be distracting and potentially dangerous. Aztec lets you filter out dazzle in your eyes without blocking rear vision.
Aztec unclips easily from its mountings for cleaning.
Available in Black, Silver, White or Red.

Electrically Operated
AZ2001 **£49.95**

Manually Operated
AZ2002 **£28.95**

KAROBES TAILORED SEAT COVERS

STRONGARM

StrongArm is a new tough vehicle anti-theft device designed to put our minds at rest. It hooks around the foot pedal and locks on to the steering wheel.

StrongArm is an effective quality product designed to support this Country's determination to reduce crime by prevention.

Strength is StrongArm's main benefit, distinguishing it from other vehicle theft deterrents.

Constructed of solid steel and with its component parts fully welded, StrongArm weighs a hefty 2.2 kg (4.9 lbs) making it tough to bend, break, saw, or kick out of place.

Lock integrity is StrongArm's other major feature. The StrongArm lock is amongst the most difficult to pick with over 3000 genuine key configurations. There is no skeleton or master key available — even from the manufacturers! So as long as you have your key safe, you have your car safe.

Simplicity of design is always best and StrongArm is simple to use too. It takes seconds to fit in place and locks on to the steering wheel.

It is hinged in the middle so that it can be stored away discreetly.

StrongArm also boasts great versatility — it fits most cars (including automatics), lorries, buses, tractors and other off high-way vehicles.

It will also accommodate padded steering wheels.

Approved by the A.A., welcomed by the police, featured in Home Office publications such as Crime Prevention News and Good Neighbour. 'What Car?' verdict 'Simple, cheap and above all very efficient'.

SA2211 OUR PRICE **£19.95**

VAULT X — UNIVERSAL CAR SAFE

With more and more vehicle break-ins every year the VAULT X universal car safe is a must for anyone who wishes to protect property and valuables left in their vehicle.

Manufactured from a heavy gauge steel the VAULT X universal car safe offers ideal protection for removable radio cassette players, compact discs, car phone, cassettes, cash, credit-cards, documents, etc.

The VAULT X universal car safe is supplied with full fitting kit and instructions and is simple to fit. (Drilling is required.)

Size:
260 mm wide, 110 mm high, 250mm deep

JETEX EXHAUST SYSTEMS

TECHNOLOGY, QUALITY, PERFORMANCE, WITH A SOUND THAT CALLS THE TUNE

With an eye on the 1990's Jetex have introduced a range of performance exhausts which meet the EEC type approvals. Designs include an engineered front pipe to increase torque in the low and mid-range (no need to change the manifold) and for cars with catalyst converters Jetex have suitable exhausts available.
Jetex Exhaust Systems are manufactured in Sweden. Production takes place in a new purpose built factory.
With Jetex Exhaust Systems the engineers have concentrated on solving a number of technical problems. A thorough programme of testing performance, fuel economy, noise and exhaust levels as well as back pressure to name a few have provided answers which give advantages in all of these areas combined with durability and purpose designed packaging.

GENERAL

Two basic methods can be used to dampen exhaust noise — absorption damping and reflection damping. The reflection method is cheaper as a rule, and technically easier to construct, but it has side effects among them high back pressure which reduces power output and frequently increases fuel. Absorption damping, however, while being technically more complicated to manufacture, has the advantage that the exhaust gases are removed efficiently so that neither performance nor fuel consumption are affected. Jetex Systems are of the absorption type.

PERFORMANCE

Performance testing is carried out using computerised chassis dynamometers thus enabling different theories to be examined before deciding on the final design. Other important factors taken into consideration are back pressure, carbon monoxide levels, inlet manifold temperature and fuel consumption.

NOISE LEVELS

It is a common misconception that sport systems automatically mean more noise. With Jetex designs the noise levels are always below the legal maximum, and comply with the officially approved noise levels for motor vehicles. All systems with the E prefix comply with the E.E.C. regulations.

JETEX SYSTEMS AT A GLANCE:

- Swedish high quality steel
- Reduction in back pressure up to 82% for some applications
- Professional design
- Pleasant exhaust note
- Improved output compared with standard systems
- Easy to assemble
- Complete systems (unless original front pipe is indicated) with fitting kits
- 12 months guarantee
- Every Jetex system is boxed

ANSA
THE ITALIAN STYLE OF PERFORMANCE

Unleash the hidden performance of your car's engine with ANSA . . . the higher performance exhaust system.
Engineered to maximise torque and power. Designed to provide remarkable bolt-on performance, faster acceleration, great looks and the unmistakable ANSA sound of power.
Installing an ANSA Free Flow exhaust system will most likely give you the best performance increase for the smallest investment.
ANSA are original equipment suppliers of exhausts to all the great Italian Marques and it is this experience that they have brought to bear on the sports systems listed to give power improvements of up to 14% plus.
Recent independant tests by magazines in the U.K. of the Golf, Fiesta, Uno Turbo etc. have all borne out the claims made and tested by ANSA themselves.
Quality is maintained by using only the best aluminised steel 16-18 gauge. Computerised design methods ensure a trouble free fit. 18 month guarantee.

Advanced wiper system. Pair of twin blade wipers with washers incorporated. Direct replacement of original units. Please state make, model and year of car when ordering.

CC8943 (pair) £19.95

FILTER KING

The well known fuel saver from Malpassi. Tests and trials as well as many satisfied customers claim savings of 10%-15%.
The Filter King regulates the pressure of fuel delivered by the car's petrol pump to help maintain a steadier float level in the carburettor thus preventing expensive fuel surges and flooding. Its effective filter acts as an extra benefit to trap any dirt or water which may contaminate the petrol supply.
The Filter King is fitted as standard by Alfa Romeo and Maserati.
Hundreds of thousands sold worldwide already. The relentless increase in the cost of motoring means that any aid to fuel economy must be considered an essential fitment.
Not suitable for cars with fuel injection.

MG3120 (large) £24.95

MG3121 (small) £21.95

BOSCH SPOILER WIPER BLADES

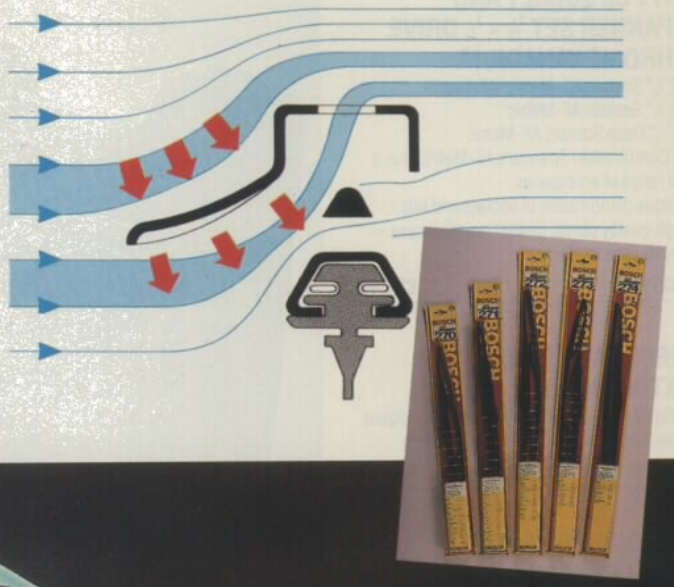
The new wiper blade in aerodynamic form from Bosch. Bosch Spoiler — wind tunnel developed and tested.
Aerodynamically designed vehicles make completely new demands on their wiper blades. Today wiper blades must be able to cope with different air currents on and around the windscreen area. Bosch have the answer, the new Bosch Spoiler Wiper Blade. Already fitted as original equipment by VAG and Ford, today's technology is now available for other vehicles.
Bosch Spoiler — clear vision even in the strongest of headwinds.
The aerodynamically shaped 'spoiler' is mounted on the wiper blade frame ensuring the best visibility possible even in the most extreme conditions. As air currents and headwinds increase, the spoiler automatically increases the pressure of the blade on the windscreen, combined with the renowned Bosch Micro-Double Edge, the result is optimum down force at all speeds which means no lift-off, no flutter, and smear-free clear vision, no matter how strong the headwind.
Available for ALFA-ROMEO, AUDI, BMW, FIAT, FORD, HONDA, LEYLAND, MAZDA, NISSAN, OPEL, PEUGEOT, PORSCHE, VAUXHALL, VOLKSWAGEN and VOLVO.
Please state make, model and year of car when ordering.

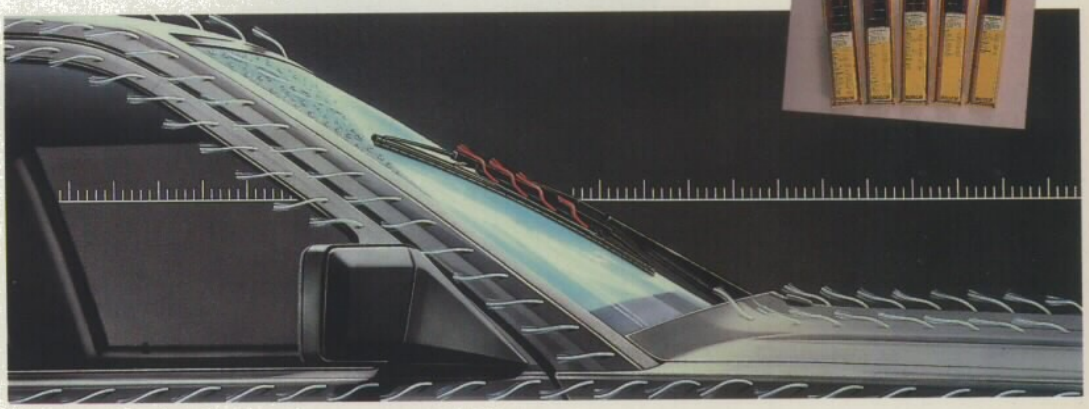
BS8901 (each) **£5.95**

BOSCH PLATINUM SPARK PLUGS

Simply the best spark plugs available today. Improved fuel efficiency and longer life than 'ordinary' plugs are just two advantages. Available for all cars. Please state make, model and year of car when ordering.

BS8902 (each) **£2.00**





OPTILINE EXHAUSTS BY JETEX

For the enthusiast wishing to change only the rear section of the exhaust system OPTILINE with a unique hexagonal big bore chrome tail pipe is the answer.
Designed to fit to the standard pipe size the OPTILINE range is type approved in accordance with E.E.C. standards. This approval states both the noise level and back pressure of the exhaust system.

HEATED TWIN WASHER JETS

Electrically heated washer jets to stop nozzle freezing in extreme weather conditions. Universal fitting.

PC8901 (pair) **£10.95**

HELLA PLUG LEADS

HIGH PERFORMANCE IGNITION LEADS

- Leads remain flexible at all temperatures from –50°C to 260°C
- Will not harden or crack or deteriorate to admit moisture and cause misfires
- Resists petrol, oil and acid spillage
- Fully interference suppressed

Sets come complete and ready to fit your car.

Four cylinder set **HE8901**	**£12.50**
Five cylinder set **HE8902**	**£15.00**
Six cylinder set **HE8903**	**£17.50**
Eight cylinder set **HE8904**	**£22.50**

Please state exact make, model and year of car when ordering.

111 PCE SOCKET AND SPANNER SET 1/2 × 1/4 DRIVE CHROME VANADIUM

28 1/2" Sockets AF-Metric-Whitworth
29 1/4" Sockets AF-Metric
16 1/4" Deep Sockets AF-Metric
10 Combination Spanners AF-Metric plus a full range of accessories.
Unique combination of sockets and bits.
High quality plastic impact resistant case — pushbutton ratchets.

K42111 **£85.00**

FIREGUARD FIRE EXTINGUISHER

600g Dry Powder Fire Extinguisher for Liquid Fires, Electrical Fires and Gaseous Fires.

MET8901 **£10.95**

1.5 TON HYDRAULIC TROLLEY JACK

Features handle activated release valve for quick reliable operation. Safety valve prevents overloading and bypass system ensures against overlifting. Rubber grip handle for complete control. TUV-GS approved.
5" to 15" lifting range.
360° reinforced swivel/cup saddle.

LOCKING WHEEL NUTS AND BOLTS — TRILOCKS

Carflow Trilocks have been carefully designed to provide security for your valuable wheels and tyres, whilst being safe and practical to use.

- Suitable for alloy and steel wheels
- Fitted in minutes — just replace one nut/bolt per wheel
- Approved and used by major vehicle manufacturers
- Lightweight design — no need to re-balance your wheels
- Corrosion free
- Over 250 different key combinations
- Wide range available for virtually all cars

Trilock Nuts

CF2001 (set of 4) **£16.95**

Trilock Bolts

CF2002 (set of 4) **£16.95**

Please specify car make, model, year and whether for alloy or steel wheels when ordering.

WHEEL CLEAN DISCS

The only answer to keep brake dust off your wheels. They can actually prolong the life of alloy road wheels.

- Easy to fit
- Will not cause overheating or affect brake performance
- Suitable for most makes of alloy and steel wheels
- Approved to German T.U.V. standards for BMW, Ford, V.W., Mercedes etc.

Wheel Clean Discs

CF2005 (pair) **£19.95**

Please specify car make, model, year and wheel make and size when ordering.

WHEEL SPACERS

Universal Wheel Spacers. Pack contains 2 universal high pressure cast spacers. Accurately machined to be dimensionally correct and totally parallel. Fit most vehicles.

TOP ALARM

EUROPE'S MOST RESPECTED RANGE OF VEHICLE SECURITY

GAMMA ALARMS have been established in the UK for over 8 years and are approved and fitted by many leading car manufacturers e.g. RENAULT, PEUGEOT TALBOT, TOYOTA, SAAB, CITROEN etc. GAMMA ELECTRONICS SECURITY SYSTEMS have been tested and approved by leading Insurance Companies, Police Forces, Motoring Journalists, and major Fleet Users. The high level of efficiency and reliability has ensured that GAMMA ALARMS conform to the prestigious B.S.I. standard.
All GAMMA ALARMS are offered with a LIFETIME GUARANTEE against faults due to manufacturing error or component failure.

TOP 18

The ultimate security system. Features include: Remote control with two programmable key ring transmitters, Ultrasonic sensors, hazard warning light circuit, self-powered back-up battery siren. Compatible with all central locking systems, complete with plug-in connections, protection fuses, emergency over-ride key and hidden foot switch which will enable the driver to activate the anti hi-jack mode which immobilises the vehicle 60 seconds after the car has been stolen. TOP 10 has all the features of the TOP 18 plus an armour plated metal box self-powered siren.

	R.R.P.	OUR PRICE

CRUISE CONTROLS

WHY BUY A CRUISE CONTROL?

Cruise Controls have long been popular in the United States and understandably so. Long distances, open roads and speed restrictions make Cruise Controls almost a necessity. But gradualy, European drivers are coming to recognise that a Cruise Control can also be meaningful over shorter distances and in heavier traffic conditions. They have discovered that not only does a Cruise Control prevent accidental speeding and improves fuel economy but also reduces driver fatigue.

HOW DOES A CRUISE CONTROL WORK?

The 'heart' of the system is a microprocessor that memorises any speed chosen by the driver and, by regulating the throttle actuator, enables the vehicle to be maintained at that constant speed.

This means that once a speed has been programmed by touching the SET button, your foot can be taken away from the accelerator pedal. Whether up hill or down dale, the Cruise Control will adjust the movement of the throttle and hold the vehicle to the desired speed. For safety reasons, a Cruise Control does not operate at low speeds (normally less than 25 mph). It can be switched on or off at will and is immediately and automatically disconnected by pressing the brake pedal or, on manual vehicles, by changing gear. Touching the RESUME button will cause the vehicle to accelerate until it has reached the last set speed. Cruise Controls eliminate abrupt throttle movement and consequently reduce fuel consumption.

WHICH CRUISE CONTROL IS RIGHT FOR MY VEHICLE?

You can choose between a vacuum or electrically operated servo. The vacuum servo is suitable for all vehicles with a good vacuum source but is not recommended for diesel engined or turbo-charged cars. The electric servo is suitable for all vehicles.

Base kit including vacuum servo
AP100 **£84.50**

Base kit including electric servo
AP200 **£147.50**

Both base kits offer you a choice of speed sensing included in the above prices:

- magnets and speed coil for drive-shaft mounting (senses road speed)
- connection to ignition coil (senses engine speed)
- connection to engine control module (senses road speed)

Optionally you can choose a Speed Pulse Generator to install between the speedometer cable and the transmission. This senses road speed and is an excellent alternative to the magnets and speed coil.

Speed Pulse Generator
AA147 **£21.50**

Finally, you have a choice of Command Modules. These provide the same functions:

- on/off
- set
- accelerate
- resume
- tap-up
- tap-down
- coast (TS202 only)

and can be installed on the dashboard or centre console (TS109 and TS202) or as a turn-signal stalk (TS101 and TS109).

Command Module
TS101 **£21.50**

Command Module
TS109 **£11.95**

Command Module
TS202 **£10.95**

Both the AP100 and AP200 base kits include an electronic clutch switch. This is suitable only for vehicles with coil ignition and a Mechanical Clutch Switch is recommended for use with manual diesel engined vehicles.

Mechanical Clutch Switch
AA164 **£9.95**

Zemco Cruise Controls are simply installed on most 12v vehicles and come complete with fitting instructions and all necessary hardware for the DIY enthusiast.
Zemco also manufacture 12v and 24v Cruise Controls for commercial vehicles. Please ask for details.

Zemco Cruise Controls are approved by one of the most stringent testing authorities in Europe — the Technischer Überwachungs-Verein (TÜV) in Germany.

DRIVING COMPUTERS DCS 300

Offers a wide range of fuel management functions including information on 'range' — i.e. how much fuel in the tank, how far and how long you can travel without refuelling.
The DCS 300 incorporates a Cruise Control with separate command module. The DCS 320 has the same functions as a DCS 300, but comes without a Cruise Control.

DCS300 **£219.50**

DCS320 **£149.50**

DRIVING COMPUTERS

DCS 360

The very latest in driving computer technology. The DCS 360 is the first computer to automatically re-set when fuel is added to the tank. It offers an exciting range of functions including two memories for short and long trips and an analogue bar-graph to display instant fuel economy. Instantly convertible from imperial to metric measurements — ideal for buying fuel in litres whilst still measuring consumption in miles per gallon.

DCS360	**£159.50**
Gooseneck Stalk **6607**	**£22.00**

ZT-4 FUEL MANAGER

Provides accurate information on instant fuel economy in addition to showing the amount of petrol used. Speed, time and distance displays are also incorporated. It provides instant convertibility between imperial and metric measurements.

ZT4	**£109.50**

DRIVING COMPUTER ACCESSORIES

Electronic Fuel Injection Kit (Bosch L & LE Type) **DA303**	**£29.50**
Mechanical Fuel Injection Kit (Bosch, K, KA & KE Type) **1400**	**£79.50**
Diesel Adaptor (not for Trucks) **1500**	**£59.50**

ELECTRONIC COMPASS

Two electronic compasses featuring the very latest aircraft type quadrature circuit for total accuracy. Just take a look at some of the outstanding features, which make conventional compasses a thing of the past.

- Automatic magnetic compensation. Even the most expensive conventional compasses have problems with strong magnetic fields in a vehicle. But Zemco's quadrature circuit system automatically corrects to obtain precision accuracy.
- 360° hi-tech display clearly shows the direction of travel.
- Full colour illuminated display for easy reading day or night.
- Fits easily on to any dashboard allowing use by either driver or front seat passenger.
- Display is electronically controlled for steady, accurate reading.
- Easy to install in vehicle electrical system — or via the cigarette lighter adaptor included.

DE700	**£39.50**
DE710	**£97.50**

WIPER DELAY

Wiper Delay provides a variable wiper interval of from 2 to 20 seconds and is equally suitable for front or rear screens. The Wiper Delay is simply installed on most 12v negative earth vehicles and comes complete with fitting instructions.

DE730	**£13.50**

INTERIOR LIGHT DELAY

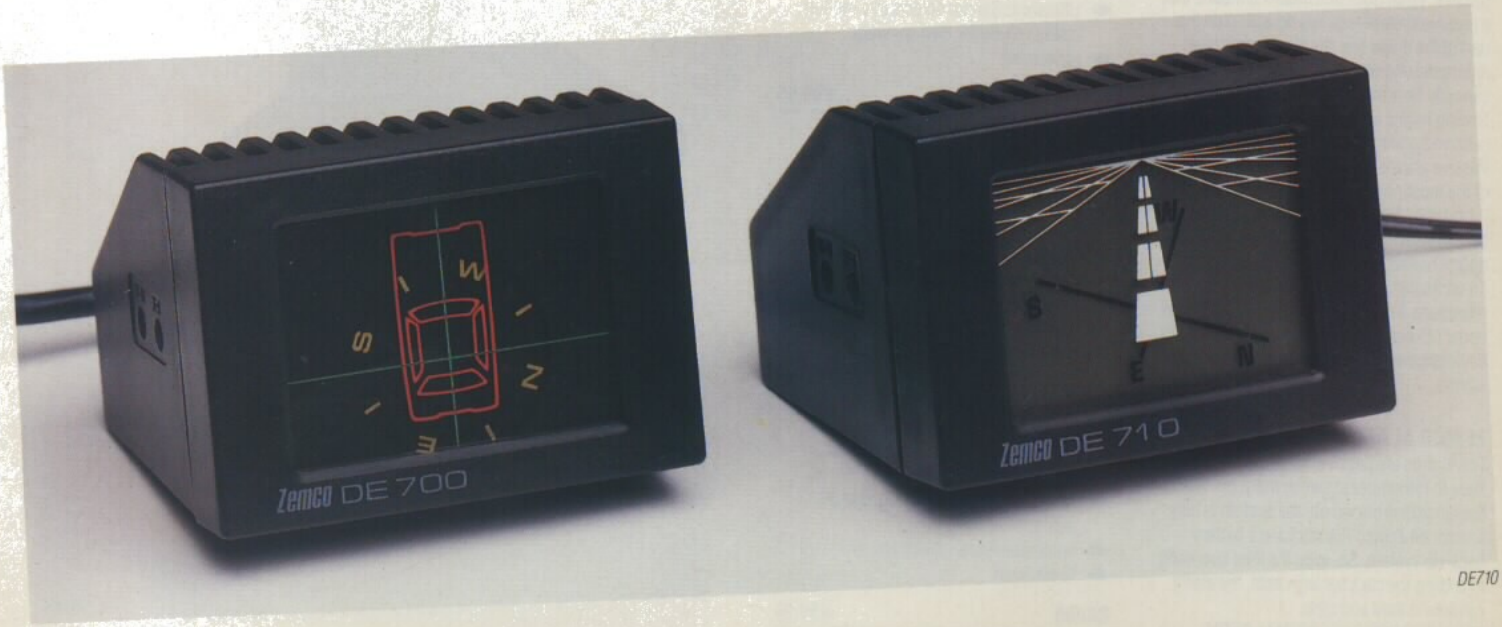
How often have you groped to find your ignition switch in the dark? Just think how easy it would be if your interior courtesy light remained 'on' until the vehicle has been started. The Zemco Interior Light Delay makes this possible whereby an electronic delay keeps the courtesy light 'on' for 15-30 seconds after closing the car door.
The Interior Light Delay is simply installed on all vehicles and comes complete with fitting instructions.

SA401	**£6.95**

EXTERIOR LIGHT DELAY

No more stumbling around in an unlit driveway. Just walk away from your car in the knowledge that the lights will automatically switch-off after a pre-set time of from 30 seconds to 3 minutes.

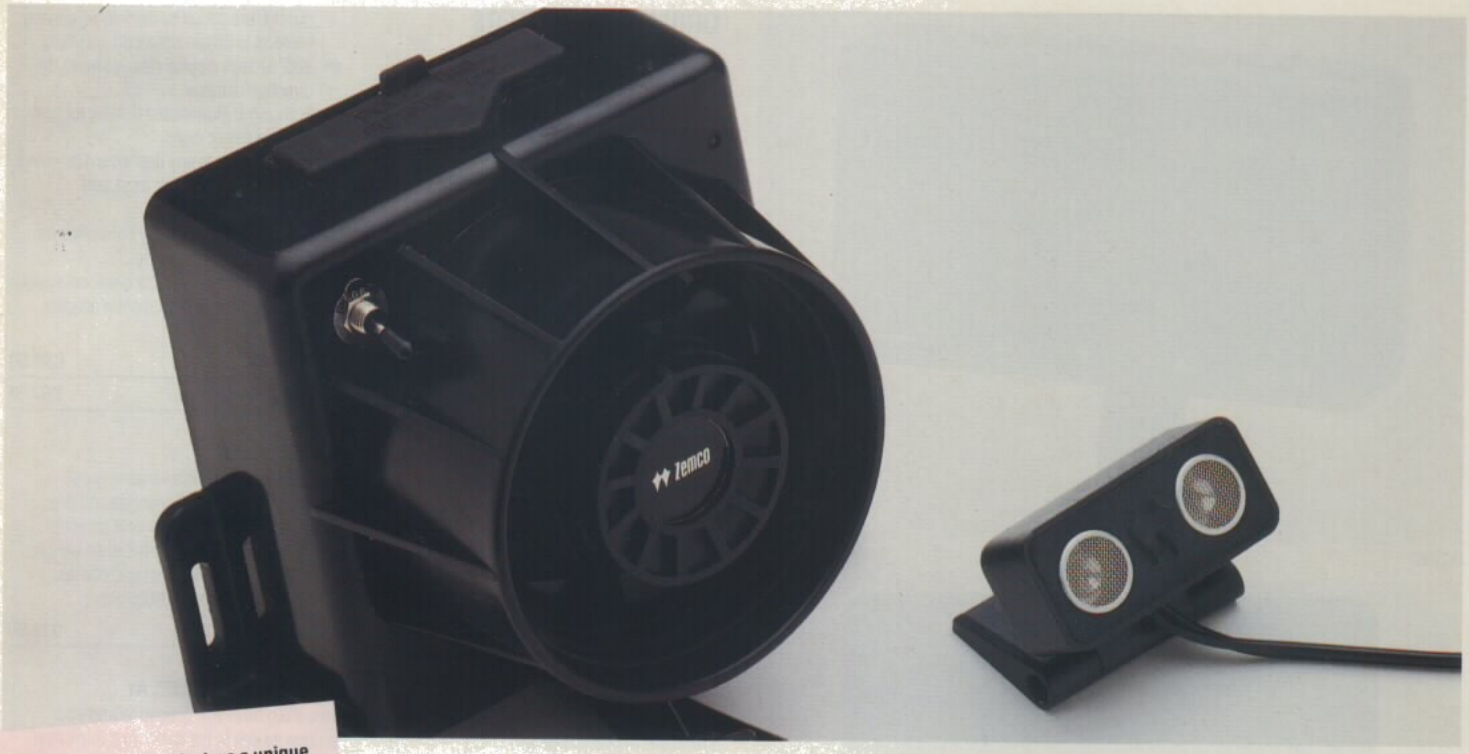
SA402	**£10.95**



DE710

DE700

ZEMCO



Zemco Auto Alarms all feature a unique integral design whereby the siren unit houses the microprocessor, the shock sensor, a battery back-up and a 115 decibel horn. They offer the ultimate in protection and have been selected by a number of car manufacturers as the 'state of the art'.

WHAT TYPE OF ALARMS OFFER THE BEST PROTECTION?

There are many types of alarm on the market — some very cheap, others extremely expensive. They range from simple ignition cut-off switches to sophisticated ultrasonic and infra-red devices.

Generally, an alarm is passive or non-passive. What does this mean? It means that a passive system requires no action on the part of the driver (i.e. the alarm arms itself automatically) whilst a non-passive system can only be armed by some specific action. Driving habits are not easily changed and passive systems are much to be preferred. Passive alarms can be of various types. Two of the most popular are 'current sensing' and 'ultrasonic'. What is the difference? A current sensing alarm relies on pin-switches in the doors, bonnet or boot to detect entry whilst an ultrasonic alarm monitors sound reflections within the car's interior. Which is better? Experts disagree but current sensing devices have a reputation for fewer false alarms.

ZEMCO ALARMS

The alarms are passive, so you don't even have to remember to switch them on. When the ignition is turned off, the system is fully armed. All Zemco Alarms have a battery back-up system. So, even if a thief succeeds in cutting the car's battery cable, the alarm will sound loud and clear.

DESIGNED FOR EASY INSTALLATION.

SA 440 ALARM

- Battery Back-Up (batteries included)
- Passive System is automatically armed with ignition
- Shock Sensor detects towing or jacking
- Adjustable Length Contact Switches for boot and bonnet
- Test LED checks installation and operation
- Disable/Valet Switch deactivates alarm
- Retriggerable Exit Delay resets when boot, bonnet, or doors are opened during the exit delay
- Entry Delay adjustable from 0 to 30 seconds
- Automatic Reset rearms alarm
- 115 dB Siren

Special features:

- Ultrasonic Sensor detects any motion inside vehicle for total coverage
- Ignition Kit

SA440 **£99.95**

SA420

- Battery Back-up (batteries included)
- Passive System is automatically armed with ignition key
- Shock Sensor detects towing or jacking
- Dome Light Circuit protects interior
- Adjustable Length Contact Switches for boot and bonnet
- Test LED checks installation and operation
- Disable/Valet Switch deactivates alarm
- Retriggerable Exit Delay resets when boot, bonnet, or doors are opened during the exit delay
- Entry Delay adjustable from 0 to 30 seconds
- Automatic Reset rearms alarm
- 15 dB Siren

SA420 **£59.95**

SA 403 VEHICLE ALARM MOTION DETECTOR

- Guards against towing or jacking
- Can be used with vehicle horn
- Works in conjunction with Zemco alarms
- Sensitivity adjustment
- Includes On/Off switch

SA403 **£7.95**

SA 405 VEHICLE ALARM BIAXIAL PIEZO SHOCK SENSOR

- Senses high frequency shock such as tampering with glass or wheels
- No false alarms from wind or slight movements
- No moving parts — mounts in any position
- Works in conjunction with Zemco alarms

SA405 **£17.95**

SA 406 IGNITION CUT-OFF SECURITY SYSTEM

- Compatible with standard, high energy or electronic ignition systems
- Hidden switch disables entire ignition system
- Will not damage ignition as ordinary switch can

SA406 **£5.95**

TELEPHONE ORDERING (0582) 471700

SA 430 ALARM

Features:

- Battery Back-Up (batteries included)
- Passive System is automatically armed with ignition
- Shock Sensor detects towing or jacking
- Dome Light Circuit protects interior
- Adjustable Length Contact Switches for boot and bonnet
- Test LED checks installation and operation
- Disable/Valet Switch deactivates alarm
- Retriggerable Exit Delay resets when boot, bonnet, or doors are opened during the exit delay
- Entry Delay adjustable from 0 to 30 seconds
- Automatic Reset rearms alarm
- 115 dB Siren

Special features:

- Status Monitor shows exit, entry, intrude and has a disable switch
- Smart Exit waits for door to close before starting delay
- Chirptone when alarm arms
- Warning Tone when entry delay begins
- Auxiliary Output for flashing lights or horn
- Outside Sensor protects ski racks, etc.

SA430 **£89.95**

SA 432 REMOTE CONTROL

- Can be added to any Zemco Alarm
- Allows alarm system to be activated and deactivated with a key chain size remote transmitter
- Effective range is 100 feet minimum
- Works with most active or passive alarms
- Either flashes lights or chirps horn for confirmation of arm/disarm
- For safety, the system will not trigger while driving

Special feature:

- System can be armed or disarmed either with remote control or with ignition switch
- DTI approved frequency

SA432 **£49.50**

SA 435 CENTRAL LOCKING INTERFACE

The Central Door Locking Interface compatible with all Zemco Alarms. For use only in conjunction with SA 432 Remote Control and with vehicles with existing central locking systems.

- Simultaneous locking/unlocking of car doors and arming/disarming alarm

SA435 **£36.50**

SA 404 ULTRASONIC

An add-on Ultrasonic Sensor to provide double protection when used with SA 420 and SA 430 Alarms.

- Red LED to indicate vehicle is protected

SA404 **£49.95**

AUTO ALERT SUPER PAGING ALARM SYSTEM

The Auto Alert System round-the-clock protection for cars, commercial vehicles, motorcycles, caravans and boats.
If thieves tamper with your vehicle, the Auto Alert will immediately send a personal dial tone signal to a receiver that is small enough to fit into your pocket.
The super sensitive receiver has an effective working range of up to 2 miles, this will of course vary according to the terrain. The signal will penetrate even multi-storey buildings and underground car parks. The Auto Alert has a built-in siren relay that can simultaneously scare off the thieves. System includes transmitter, pocket pager, two piezo ceramic sensors, coaxial cable, pin switches and batteries.

QUARTZ CAR CLOCK

FUEL ECONOMISER

VACUUM GAUGE

AMMETER (60 AMP)
This 60-0-60 amp scale instruments is generally suitable for vehicles with alternator charging. Operates on 6 or 12 volt systems.

TM004 OUR PRICE **£4.50**

VOLTMETER
Indicates voltage of car electrical system on a scale of 3-17 volts with red colour zones to indicate excessively high or low voltage. For vehicles with 12 volt systems with either dynamo or alternator charging.

TM007 OUR PRICE **£9.50**

TACHOMETER
Can be mounted at virtually any angle. Electronic tachometer using the latest solid state technology indicates engine rpm 0.8000 in analogue form.
Adjustable pointer to set at maximum safe or economic revs. Suitable for most 4 or 6 cylinder petrol engines with conventional or electronic ignition. Diameter 80mm.

TM011 OUR PRICE **£23.50**

OIL PRESSURE GAUGE
Complete with approximately 1.83 metres (6 ft) of copper pipeline, 1/8" BSP 'T' piece and fittings. Universal polarity. 52mm.

TM006 OUR PRICE **£13.50**

WATER TEMPERATURE GAUGE
Complete with approximately 1.52 metres (5 ft) of capilary tubing and 5/8"-18 UNF connector. Universal polarity. 52mm.

TM005 OUR PRICE **£11.95**

TACHOMETER
Readout indicating rpm 0-8000. Adjustable pointer for maximum safe or economic engine speed. Suitable for most 4, 6, 8 cylinder and rotary petrol engines with conventional or electronic ignition. 52mm.

TM014 OUR PRICE **£21.50**

ELECTRIC OIL PRESSURE GAUGE
Complete with separate engine transmitter to sense the oil pressure and relay reading via electric wire.

TM035 OUR PRICE **£17.95**

ELECTRIC WATER TEMPERATURE GAUGE
Complete with engine transmitter to sense temperature and relay reading. Transmitter thread size of 1/8"-27 NPTF is compatible with many vehicles including Ford, and alternative adaptors are included.

TM034 OUR PRICE **£15.95**

QUARTZ CAR CLOCK
Quartz movement gives accurate timekeeping to within 1 second per day. Very low current consumption. 52mm.

TM002 OUR PRICE **£25.50**

FUEL ECONOMISER
Complete with approximately 1.8m (6 ft) of vacuum tubing and 1/4" BSF manifold adaptor and 'T' piece. The gauge measures the vacuum in the inlet manifold and indicates whether the driver is operating the vehicle efficiently or is wasting fuel. Universal polarity. 52mm.

TM123 OUR PRICE **£9.95**

VACUUM GAUGE
Complete with approximately 1.83 metres (6 ft) of vacuum tube and 1/4" BSF manifold adaptor. The pointer indicates maximum power, economy, idle and overrun conditions of the engine. Universal polarity. 52mm.

TM008 OUR PRICE **£9.95**

52mm Mounting Pods available. Please ring for details. When ordering gauges, please state make, model and year of vehicle.

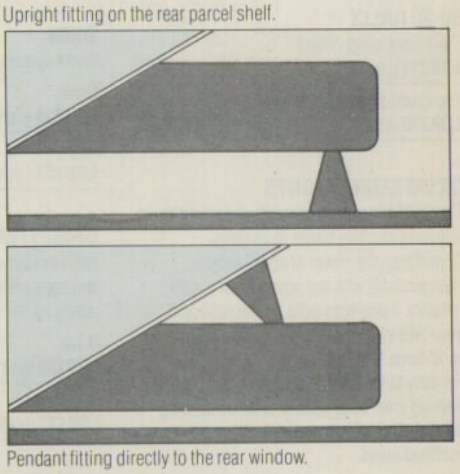
HIGH-LEVEL BRAKE LIGHT

A driver can only react swiftly to brake lights ahead if he sees them soon enough. High-level brake lights can be seen quickly by following drivers, even those several cars behind.

● **Compulsory in the USA since September 1985.**
In the USA all new cars must have a single, centrally-mounted, high-level brake light. This development arose out of comprehensive large-scale tests carried out by the traffic safety authorities. Canada followed suit one year later, in September 1986. Australia has also adopted this regulation. So far, more than 25 million vehicles have been fitted with the high-level brake light. Hella supplies high-level brake lights to leading car manufacturers. Volvo is already fitting all new cars for Scandinavia with a centrally-mounted high-level brake light.

● **Centrally-mounted high-level brake lights.**
The brake light from Hella can be attached in an upright position on the rear window shelf or in a pendant position from the rear window.
Fitting is simple and can be done by the driver himself, using the fitting instructions and installation material supplied.

Upright fitting on the rear parcel shelf.



Pendant fitting directly to the rear window.

● **Stylishly integrated. No dazzling.**
For:
— good signalling effect without dazzling following traffic.
— minimised back glare so as not to irritate the driver.
— a compact design which looks good in any car.

2DA 005 705-001 OUR PRICE **£10.95**

LUCAS 20-20 DRIVING LIGHTS

The Lucas 20-20 Driving Lamps incorporate a revolutionary rustless homofocal reflector giving brilliant central intensity as well as extra light at wider angles.
The 20-20 Fog Lamp also features the homofocal reflector, this time in a form that produces a wide, flat and extremely powerful beam.

- Specially treated glass lens to maintain accurate light distribution at all temperatures
- Complete with 100 watt halogen bulb and lens cover

DX150 SERIES LIGHTS

The DX150 is a lamp specially designed to outshine all other lamps in its class. Combining the power of an H3 Quartz Halogen bulb with the precision of a steel reflector, it provides extra penetration and improves vision, even in the worst weather conditions.
For easy fitment the 150 series has a narrow profiled steel body with an offset mounting bracket. This allows secure fixing in the most confined areas.

ZERO BLACK ICE DETECTOR

Black Ice or freezing road conditions claim many lives every year and can also cost motorists a lot of money in accident repair bills.

ZERO ICE DETECTOR is an advanced warning device that translates air temperature to a simple display on the dashboard to warn the driver of deteriorating road conditions. At a time when in-car heating and comfort have become so effective it is difficult for the driver cocooned inside to detect whether the outside temperature is just above or just below freezing. These critical few degrees can make all the difference between an innocuous patch of moisture on the road or a deadly stretch of black ice.

Designed and manufactured in U.K., ZERO has been supplied to a majority of UK Police Forces — one of which Essex, have in excess of 500 units fitted to all types of vehicles and apart from saving lives in icy conditions the Police consider ZERO to be a means of saving money in vehicle repairs.

ZERO is unique in its accuracy and simplicity, consisting of a minute but highly sensitive probe fitted to the front of your vehicle connected to a twin colour display signalling "Caution" or "Danger" as freezing conditions develop.

Lotus Cars who fit it as standard, Bus Companies, Councils, Fire Brigades and larg organisations running company fleets across the country find ZERO ICE DETECTOR an indispensable safety aid and considerably cheaper than a new wheel or tyre.

ZERO comes complete with easy to follow fitting instructions and is simply installed in any type of vehicle.

CC8914 R.R.P. *£57.44* OUR PRICE **£49.00**

SERVOGLIDE XL POWERED WINDOW KIT

Once a luxury only on expensive cars, Servoglide XL now brings the safety and convenience of power operated windows within reach of the majority of motorists. It can be fitted to most cars in a matter of hours, at a cost much lower than original equipment window lift systems. Designed to be discreet and unobtrusive, Servoglide XL adds style and elegance to a vehicle, while providing finger-tip control of both the driver and passenger windows.

The comprehensive kit of parts includes fully illustrated fitting instructions to guide you through installation. Total fitting time should be less than a day.

- New Slimline Motor
- Centre Console Switching
- Comprehensive Parts Kit
- Fully Illustrated Fitting Instructions

The suitability of Servoglide for a wide range of cars has been achieved by incorporating the existing winder mechanism into the system. Lucas manufactured, it has at its heart a powerful 12v motor, slimline in design which means that it's better suited to working within the narrow confines of the modern car door and which powers through a flexible drive a low profile universal gearbox mounted on the window regulator mechanism. Should electrical power fail the regulator mechanism can be operated manually with the reserve handle provided.

The system incorporates centre console 'Rocker' type switches which operate the windows when continuous pressure is applied to the switch.

Also included is a thermal cut-out and window limit switches, provided to ensure adequate protection during operation.

Powered Window Kit for Front Doors

LU2001 **£105.00**

Please state make, model and year of car when ordering.

KC DAYLIGHTERS

Incredible power. Incredible value. The KC Daylighter range offers lamps of unparalleled power. This 150 watt light generates a massive 350,000 candlepower with a useful reflective range approaching 4 miles. KC's are available with either the traditional housing and patented vibration resistant mounting or in Budget format which employs a more basic construction in chrome finish only. Both models use identical Westinghouse optical units.

Because KC lamps were designed to use in competition they are ideal for high speed night driving anywhere. With an overall diameter of 6.25 ins, and a depth of 5 ins, the lamps are compact, which allows them to be mounted easily on most vehicles.

Daylighters come complete with yellow covers which are also available separately. 150w lamps are completely legal for use on U.K. public roads but, as with any auxilliary lights, they must be wired and mounted in accordance with the law.

AUTOPLAS

GRILLES

The Autoplas ABS front grille kit is the perfect solution to providing powerful Halogen supplementary lighting. The lamps used are Halogen driving lamps, as used by many of the world's leading car manufacturers. The kit consists of a pre-assembled grille, a special wiring loom and relay with full fitting instructions. Fitting is very straight forward and all ancillary parts are fully guaranteed.

SNOOPER SRD RADAR DETECTORS

ONLY YOU KNOW HOW IMPORTANT YOUR LICENCE IS TO YOU!

The Snooper Range of Radar Detectors has been developed to help the modern driver maintain a higher level of driving safety. Their design and build quality ensures that the user is provided with the most advanced protection available today. These fourth generation instruments have all the benefits of nearly 20 years experience in manufacturing detectors that are both accurate and reliable. The complete range is built around the very latest electronic components combining leading edge technology with rugged construction to ensure trouble free use under all conditions.

SRD370

Designed for the demanding motorist the Snooper SRD370 is a true state of the art radar detector. Its exceptional range (over 2 miles) maintained through the use of advanced electronics provides the driver with the ultimate protection for today's difficult driving conditions. The SRD370 incorporates a set of sophisticated filters which ensures that the detector is sensitive to radar signals whilst having a low susceptibility to other transmissions. The integrated range finder helps pinpoint radar sources whilst adequate warning is given through visual and adjustable audible controls. Easy fitment and removal features allow the unit to be stored for added security. Manufactured and tested in accordance with strict quality control and reliability standards, the SRD370 provides absolute peace of mind for the serious driver.

SRD370 OUR PRICE **£199.95**

SRD500

Combining all of the exceptional features of the SRD370 with discreet installation, the Snooper SRD500 Remote provides the discerning driver with a warning system ideal for the majority of vehicles on today's roads. The remote unit is small enough to be mounted in the most convenient position yet still features and LED range finder, city filtering system and adjustable volume control. The detector unit is based on the latest microchip technology using an advanced digital signal processing technique that receives then amplifies signals for easier, faster detection. This module is hermetically sealed against the weather and is designed to withstand vibration and shock loads. The SRD500 Remote comes complete with a comprehensive installation kit with full instructions and is backed by our normal warranty.

SRD500 OUR PRICE **£299.95**

SRD350

The Snooper SRD350 combines the latest solid state electronics in a compact design to form one of the most reliable radar detectors available today. Based on the extremely successful 'long range Super Snooper' this budget priced instrument is ideal for both city and highway driving. The SRD350 has a maximum range of around 1 mile, plus 'over the hill' and 'around the curve' capabilities. Both visual and audible warning systems are incorporated together with an LED rangefinder to pinpoint the radar source. The unit is easily fitted to either dash or visor and plugs directly into the cigar lighter. Backed by a full 12 MONTHS WARRANTY the SRD350 provides excellent protection at a reasonable price.

CC8917 OUR PRICE **£6.95**

FUEL BOX

5 litre fuel can and tool box. The perfect combination.

CC8918 OUR PRICE **£16.95**

RAIN-X — THE INVISIBLE WINDSCREEN WIPER

WHAT IS RAIN-X?

Rain-X is a clear, colourless liquid that has an amazing effect on glass and plastic (acrylic and polycarbonate).
Like water off a ducks back ... it repells rain, frost, snow, and dust. It seals, polishes and conditions agsinst sun, sand, salt and pollutants and helps prevent insects, mud and grime from sticking — making cleaning a breeze.

WHY USE RAIN-X?

Built up road grime, dust, fumes and pollutants leave a haze on windscreens — severely reducing visibility. It's a thin haze that becomes blinding when it rains or becomes glary. Rain-X provides that extra dimension to driving visibility ... and when you see more clearly, you drive more safely.

IS RAIN-X ONLY FOR BAD WEATHER USE?

Rain-X has been tested on aeroplanes, cars, trucks, vans, four wheel drives, helmet visors and goggles for thousands of kilometres. The test proved Rain-X to be a truly ALL WEATHER formulation. Visibility was improved in all conditions — wet and dry. Virtually eliminates insets, highway residue, mud splatter and salt spray from all glass surfaces.

HOW DO YOU USE RAIN-X?

It's easy. You just wipe it on and ... wipe if off. Use it on windscreen, side and rear windows, headlights, tail lights, fog lights, helmet visors, goggles and side view mirrors.
Re-apply Rain-X about once a month, or every 2,500 miles to maintain peak performance. Don't worry about putting one application over the other, because there is no possibility of 'build-up'. You can only improve visibility with another application. You will also notice how much easier it is to clean your vehicle's glass surfaces.

RX8901 (100 ml) **£4.95**

SLICK 50

Engine friction reducer. Suitable for petrol and diesel engines. Less friction means less wear and more mpg, more power, quieter smoother running, easier cold starting. Only need to use once.

Size 1 (500 ml) for cars with engines less than 1600cc
CC8919 OUR PRICE **£13.50**

Size 2 for cars over 1600cc
CC8920 OUR PRICE **£16.99**

STP FUEL INJECTOR CLEANER

Add directly to fuel. One treatment cleans injectors and valves. For all petrol and diesel engines. Use every 5,000 or 10,000 miles.

CC8921 (250 ml) OUR PRICE **£6.99**

STP PETROL TREATMENT

One treatment keeps your fuel system clean for about 1,250 miles.

CC8922 (250 ml) OUR PRICE **£2.99**

STP OIL TREATMENT

Fights motor oil breakdown, helps reduce oil consumption, increases anti-wear protection. Use one can per oil change.

CC8923 (300 ml) OUR PRICE **£2.99**

MOLYSLIP

Fights engine wear, gives smoother running. Add to oil. Use one can per oil change.

CC8924 (300 ml) OUR PRICE **£3.95**

VHT ENGINE ENAMEL

Suitable for engine blocks etc. Automotive use only. Available in Aluminium, Ford Green, Gold and Red.

WHEELMASTER WRENCH 2000

Takes the 'wrench' out of wheel changing.

- Reversible socket: 17 and 19 mm to fit most cars. ½" sq. drive — takes other standard socket sizes.
- High-torque handle for your ½" socket set!
- A 'once only' purchase — will fit all types of cars in years to come.
- Strong, light and compact.
- Telescopic — gives 100% more leverage!
- Detachable socket — spins nuts on and off.

CC8943 **£12.95**

SPECIALIST CAR COVERS

SPECIALISED CAR COVERS

Throughout the world, the name of Specialised Car Covers enjoys an enviable reputation for quality and reliability. Specialised Car Covers manufacture beautifully designed, yet functional, individually hand-tailored dust proof or waterproof covers which are precision cut and tailored to fit any possible type of car like a second skin.

Each cover is designed with securing straps on both sides to ensure a snug professional fit.

An extensive colour range is available, together with individual specifications, such as customers own logo and makers marque. With a specialised car cover your vehicle is kept in prime condition and its value is maintained.

Official suppliers to: ASTON MARTIN, SUZUKI, LAMBORGHINI, LANCIA, FERRARI, LAGONDA, BMW, HONDA, JAGUAR, ROLLS-ROYCE etc.

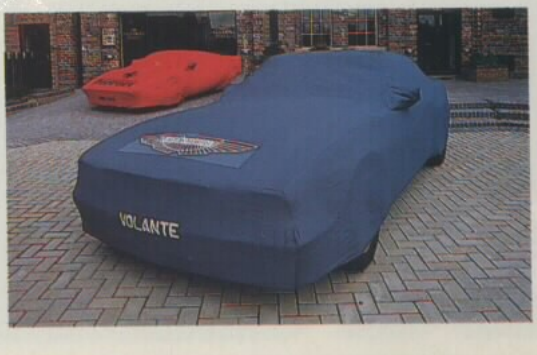
WATERPROOF COVERS

Made from 4 oz nylon, coated with Hydrolysis resistant P.U. and Scotchguard proofed. All seams are electronically welded and taped, making the cover 100% waterproof. Quick release adjustable tie-down straps are available, together with co-ordinated storage bags.

Colours available: Black, White, Red, Silver Grey, Royal Blue, Mid Green, Burgundy, British Racing Green.

FROM **£105** TO **£225**

Please ring for exact price for your car.



DUST COVERS

Made from 100% sateen washable siliconed finished cotton, vat and azoic dyed. The fabric is breathable, tightly woven to repel dust, and is non-scratching. Co-ordinated storage bags available.

Colours available: Black, White, Red, Gold, Silver Grey, Yellow, Mid Green, Brown, Mid-Blue, Pale Blue, Burgundy, British Racing Green.

When an Order Form is not being used, please be sure to give the following in block capitals:

a) Name and Full Address.
b) Telephone Number if possible.
c) Items required, including Cat. No. and where applicable, size or colour.
d) Make, model and year of car.
e) Method and details of payment.

Our Policy

Satisfaction Guaranteed

We want you to be pleased with all goods bought from Carnoisseur. Your guarantee of satisfaction is that any item supplied by us that does not meet with your approval may be returned within fourteen days for either exchange or a full refund.

Despatch

Most orders are processed the day they are received and despatched within 48 hours. You will be notified if your order or part of your order is subject to unusual delay.

Prices

In the past years most of our printed prices have been maintained for a full twelve months after publication of the Carnoisseur catalogue.
Occasionally, however, cost changes are inevitable due to inflation and exchange rate fluctuations on imported goods. We therefore reserve the right to change prices without notice.

Order Queries

Please first check for our comments on all documents enclosed with your order. A quick telephone call to (0582) 471700 will in most cases be the simplest and most efficient way of answering any queries that may arise from your order. Please have ready the sales invoice supplied with the goods and ask for the Customer Service Manager whose first responsibilities are to look after you.

Back Order/Credits

We endeavour to hold good stocks of most listed items at all times. If for some reason we are unable to supply a particular item with your order we may
a) back order that item and send it on as soon as it is available or
b) if long delays are expected, cancel this part of your order and refund you or notify you that your account is in credit; you may choose to ask for a refund or use the credit as part payment for your next order.

VAT

All goods are priced including VAT at 15%. If the rate of VAT changes, obviously our prices will change accordingly. Please remember our prices include VAT when comparing prices.

Let us know

If any aspect of our service has not met with your approval, we are anxious to know about it. Write to Philip Hammond, Managing Director, and your letter will receive prompt personal attention.
